

Headquartered in Ecublens near Lausanne, Synova is the pioneer of a revolutionary hybrid laser processing technology – Laser MicroJet®. Synova provides state-of-the-art high precision material processing in the semiconductor industry as well as for emerging applications in the electronics, MEMS, solar cell, flat panel display and medical industries.

To support Synova's exciting growth, we are looking for a

Sourcing Specialist

In this position in Ecublens you will:

- Set up a sourcing strategy for all goods and services.
- Undertake market research and sourcing activities for specific projects, products and services.
- Implement tendering process for the selection of new suppliers.
- Negotiate complex and high value contracts with suppliers mainly in Europe, USA and Japan.
- Carry out active contract management, including savings calculation, measurement of quantitative and qualitative performance, cost control/analysis

For this position, we are looking for candidates with the following profile:

- Strong negotiation skill and experience
- Holder of a professional purchasing qualification (e.g. Brevet Fédéral d'Acheteur or C.P.M.). A technical background in micro-technique, electronic or mechanic is a plus.
- At least 5 years experience in a Commercial and Engineering background
- Very good written and oral level of English and French. German is a strong plus.
- Willingness to travel from time to time
- Excellent team player
- Independent, proactive and solution driven

Do you want to join our fast-growing, innovative and progressive company? If you feel that you have the qualities to make an effective contribution, please apply now:
