

SYNOVA SA Innovative Laser Systems

**“Where others see impossibilities,
we see solutions”**

Headquartered in Ecublens near Lausanne, Synova is the pioneer of a revolutionary hybrid laser processing technology – Laser MicroJet®. Synova provides state-of-the-art high precision material processing in the semiconductor industry as well as for emerging applications in the electronics, MEMS, solar cell, flat panel display and medical industries.

To support Synova’s exciting growth, we are looking within our Marketing department for a

Technical Writer

In this position in Ecublens you will:

- Write technical papers on the Laser MicroJet® technology and its applications
- Manage the company participation to conferences, including paper call acceptance process
- Make editorial contributions to magazines and journals
- Contribute to the edition of technical documentation and user guides of our machine tools
- Prepare press kits and communication material

For this position, we are looking for candidates with the following profile:

- Technical background (engineering, physics...) relevant to material science and industrial lasers application
- Proven track record in writing technical papers
- Good organization and planning skills, self-reliant
- Excellent command of written English, other languages a plus (German especially)
- At ease with computer editorial and illustration tools (e.g. Adobe, CorelDraw, Word...)

Do you want to join our fast-growing, innovative and progressive company? If you feel that you have the qualities to make an effective contribution, please apply now:
