

Headquartered in Ecublens near Lausanne, Synova is the pioneer of a revolutionary hybrid laser processing technology – Laser MicroJet®. Synova provides state-of-the-art high precision material processing in the semiconductor industry as well as for emerging applications in the electronics, MEMS, solar cell, flat panel display and medical industries.

To support Synova's exciting growth, we are looking for a

## Buyer

The ideal candidate has good knowledge of best practices and purchasing processes in order to handle the procurement of components and modules in a cost effective and timely manner from a controlled supplier base.

Specifically, the employee will be responsible for the following:

- Developing and deploying the sourcing strategy for his commodities
- Managing the supplier, from initial negotiation to a successful delivery, including selection, rating, auditing and managing developments or improvements
- Providing Total Cost of Ownership (TCO) analysis
- Making the new technologies available for our machines (together with suppliers)
- Placing identified commodity Purchase Orders
- Handling supplier development
- Supporting supplier quality management
- Assisting in new product implementation projects
- Managing Key Performance Indicators on his product portfolio
- Supporting both departmental and companywide continuous improvement initiatives

### Competence Requirements

- You graduated as Industrial Engineer or in Business Administration and have a strong technical affinity
- You have at least 5 years of successful experience in procurement
- Experience with lasers and electronic components would be a plus
- You could already demonstrate your project management skills and have proven your negotiation skills in procurement, ideally in a competitive market
- You are able to communicate with suppliers as well as line management on all levels of the organisation and are well known for taking initiative
- You have computer skills with experience using Word and Excel, as well as an ERP system
- Fluency in English and French is a prerequisite, German a strong plus

Do you want to join our fast-growing, innovative and progressive company? If you feel that you have the qualities to make an effective contribution, please apply now.
